The Latin Lyceum is building a database with all of this information. This database will also hold the names of students who have graduated from the program in the hopes to invite them visit the current Lyceum students.

- The Latin Lyceum Parents Association will collect the email addresses of the Lyceum teachers which will be email to the group. Possible consideration for posting on the website may be an option.

- Mr. Berard, a Lyceum 11th and 12th grade teacher mentioned the need to have website space for all faculty. They would post their syllabus', notes and any other information pertinent to the students. It was agreed across the board this would be very helpful to all the Lyceum students. There was some discussion about there not being enough space to house this information for the Lyceum faculty on the LHS server. The WebSite Author (Tom Whiting) is looking into this.
