

The intent of the Latin Lyceum Program is to promote high academic achievement and to produce well-rounded citizens. The Arete Award was established to recognize those students whose scholarship and actions demonstrate the spirit of a Classical Education program that is intended to produce active, thoughtful, and reflective citizens. There are three categories for the Lowell Latin Lyceum Arete (Excellence) Awards (*Scholaris*, *Humanitas*, and *Athletis*). The Lyceum scholar must be eligible in two or more categories, one of which must be the *Scholaris* category, in order to qualify for an award. Students who achieve high academic standing, but do not participate in charitable or cultural activities or athletics, are not eligible for any award. **Scholarships** are awarded to students who meet the requirements in **all three categories** of the Arete Award : *Scholaris*, *Humanitas*, and *Athletis*. Non-scholarship awards are presented to students who meet the requirements of the *Humanitas* or the *Athletis* categories in addition to the *Scholaris* category.
